Inside this catalog

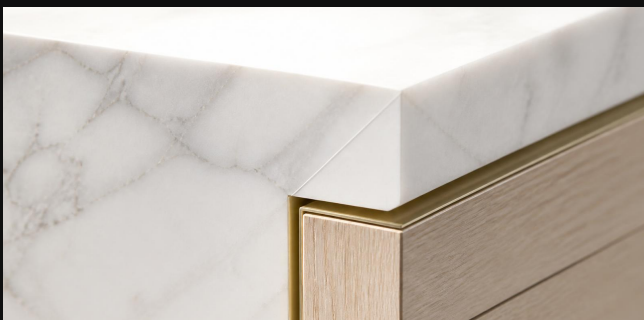

01	Kitchens	Layout, stone, cabinetry and lighting as one program
02	Bathrooms	Waterproofing, stone slabs, vanities and fixtures
03	How a project runs	Four steps from consultation to final review
04	Results	What we have delivered across South Florida
05	Contact	Request a quote

01 — KITCHENS

A kitchen rebuilt around how you live.

We take the room back to the studs when it needs it. Layout, plumbing and electrical are reworked first, then cabinetry, stone and lighting are installed as one coordinated program — so every reveal, appliance panel and light line falls exactly where it should.

SCOPE OF WORK

DEMOLITION

Full site protection and responsible removal

ROUGH-IN

Plumbing and electrical rework to code

SURFACES

Flooring, tile and full-height stone backsplashes

STONE

Counters, mitered edges and waterfall islands

CABINETRY

Custom fronts with integrated appliance panels

LIGHTING

Recessed, under-cabinet and accent layers

GABAI'S DECOR

FINISH

Paint, trim and final detailing

KITCHENS

02 — BATHROOMS

Bathrooms that feel like a private spa.

From powder rooms to primary suites. Waterproofing and substrate are done properly before a single slab goes up, then stone, vanity millwork and warm lighting turn the room into something quiet and tactile.

SCOPE OF WORK

WATERPROOFING

Substrate prep and wet-area protection

SHOWER

Pans, linear drains and frameless glass

STONE

Large-format slabs and tile installation

VANITIES

Floating millwork in wood, lacquer or stone

FIXTURES

Brass, nickel and matte black packages

LIGHTING

Backlit mirrors, sconces and niche light

GABAI'S DECOR

COMFORT

Heated floors and ventilation upgrades

BATHROOMS

Four steps, no surprises.

01 Consultation & measuring

We visit the property, listen to how the space fails you today and take precise measurements of every wall, line and outlet.

02 Design & material selection

Layout options, finish samples and a full material schedule — stone, cabinetry, tile, fixtures and lighting — priced clearly before anything is ordered.

03 Execution on schedule

One crew, one timeline. Demolition, trades, installation and finishing are sequenced so the site stays clean and the dates hold.

04 Delivery & final review

We walk the room with you, adjust every door, drawer and light, and hand over care instructions for each material.

Delivered for high-end homes
across South Florida.

4.9/5

AVERAGE CLIENT RATING

"They rebuilt our kitchen and two baths while we were abroad. We came back to a room that photographs like a magazine and works better than the architect's original plan."

A. BERTOLINI · OCEANFRONT RESIDENCE, SUNNY ISLES

Full kitchen + 2 baths · 14 weeks

Tell us about the room.

Send photos, a plan or just the dimensions. We reply with materials, timeline and a clear price — no obligation. We work with several high-end partners across panels, stone, hardware and finishing.
